NUMBER 1

Entered as Second Class Matter February 21, 1928, at postoffice,  
Jackson, Tennessee, under Act of August 12, 1912.

"Education, even higher education, is no guarantee of human betterment. It turns on the credo which constitutes the core of its curriculum and life. The quality of educational ends is the decisive thing." —Glenn Olds

## AIMS

The general aim of Lambuth College is to develop in its students personalities capable of participating in life and of making their maximum contribution to life.

More specifically, Lambuth College aims:

To enable its students to understand and appreciate more fully the physical universe in which they live and to relate themselves properly to it;

To give them an appreciation of the contributions of the past to the present and to put them into possession of some of the cultural and spiritual heritage of the race;

To give them a sense of social responsibility and to enable them to identify their good with that of the social organism;

To enlarge their conception of God and of religion, and to make them more intelligent, useful, and devoted Christians.

"Finally, brethren, whatever is true, whatever is honorable, whatever is just, whatever is pure, whatever is lovely, whatever is gracious, if there is any excellence, if there is anything worthy of praise, think about these things." Phil. 4:8

## **SCOPE OF SERVICE**

Lambuth College is a co-educational four-year college of liberal arts and sciences. It is under the care and control of the Memphis Conference of The Methodist Church. Positively Christian in its philosophy, Lambuth is non-sectarian in its atmosphere and educational service. It serves young men and young women of many denominations.

Students desiring to enter agriculture, business, medicine, dentistry, pharmacy, nursing, laboratory technology, engineering, social service, the ministry, religious education, law, or other professions, may secure the necessary pre-professional courses at Lambuth.

Those desiring to enter the teaching profession may qualify for elementary or high school certificates.

All students regardless of professional interest may obtain courses and extra-curricular training and experience which prepare for service in the home, church, and community.

It is a non-profit institution of higher learning. In fact, charges made directly to students represent only a part of the actual cost of instruction, the other portion being provided from the Sustaining Fund of the Memphis Conference and other church support, from gifts, and from endowment.

One of the specific services rendered by the College is to provide for the Memphis Conference a group of ministerial and lay workers who are equipped intellectually, socially, and religiously for leadership in the work of the church.

## **Part I**

# **Admission and Graduation Requirements**

Lambuth College admits students who are qualified by intellect, emotional and physical health, previous training, and character to do creditable college work and who manifest a disposition to support its ideals and objectives. Those who, in the judgment of the Committee on Admissions, are thus qualified and disposed will find a hearty welcome into the Lambuth student body and a friendliness conducive to abundant living and worthy achievement.

Students are held responsible for acquainting themselves with the requirements for graduation and for arranging their courses of study accordingly. The Dean-Registrar and faculty advisers will gladly assist in every way possible, but the final responsibility for including in his program of studies all requirements for the degree rests upon the individual student.

Attendance at Lambuth is a privilege which may be forfeited at any time by any student who refuses or fails to conform to its regulations and standards.

## HOW TO APPLY FOR ADMISSION

All students should apply for admission as far in advance of the opening of the College as practicable, particularly if housing accommodations on the campus are desired.

It is not necessary that one should have finished high school before making application for admission to Lambuth; a transcript showing credits earned at the time of applying may be followed later by a supplementary transcript showing the completion of his work.

All students not enrolled in Lambuth College during the preceding regular semester must apply to the Admissions Committee and be accepted before registering for the next scholastic year.

Following is an outline of suggested procedure:

1. Request application forms.
2. Fill out the forms and return them promptly.
3. Have high school principal and/or college registrar send directly to Lambuth an official transcript of credits.
4. Make room reservation deposit of \$10, which will be credited on the student's first payment. The deposit will be returned if the room is given up before July 1, or if entrance credits are found to be deficient. Reservation deposits made after July 1 will not be refunded.
5. Send all requests, transcripts, and room reservation deposits to

Director of Admissions,  
Lambuth College,  
Jackson, Tennessee

## REQUIREMENTS FOR ADMISSION

**Freshmen.** For admission to the freshmen class the College requires that a student offer graduation from an approved secondary school with the minimum of fifteen acceptable units or the equivalent of this requirement as shown by examination. Of the fifteen units required, three shall be in English. These requirements are supplemented by the taking of an aptitude test, the providing of a health history and letters of recommendation and by being approved by the Admissions Committee.

**Part-Time Students.** A part-time student is one who has met all entrance requirements but who is enrolled for less than twelve credit hours per semester.

**Special Students.** Persons twenty-one years of age and over who cannot offer the required number of units for admission may register as special students for such courses as entrance tests show they are able to pursue with profit. All entrance requirements must be fully met, however, before special students may enter courses in the upper-division or become candidates for graduation.

**Transfer Students.** A student transferring from another institution must present the same materials as an entering freshman, as well as an official transcript of his previous college record, together with a statement of honorable dismissal from the institution last attended. The transcript must show that he made a "C" average on all his work, if it is to be accepted at full value. Otherwise, hours in courses with grades below "C" will be disregarded.

Transfer students must earn an average grade of "C" on all work carried at Lambuth College in order to be eligible for graduation. Excess quality points earned on work taken elsewhere will not be allowed to make up for a deficiency in quality points on work taken at Lambuth College.

The maximum amount of credit that will be allowed for work done in a junior college is ninety-six quarter hours or sixty-four semester hours.

Transfer students must remain two semesters in residence and complete at least thirty semester hours including six hours in the major field and a seminar.

**Health Program.** Each applicant for admission is required to submit a health history on a form furnished by the College. Routine physical examinations, under the supervision of the College Physician, will be given near the beginning of each scholastic year. These are required of all full-time students.

Lambuth is concerned that each student should safeguard his health and promote his physical development. Through its Department of Health and Physical Education, its intramural sports program, its recreational facilities, and its care of the student in case of illness, the College contributes systematically and regularly to this end. Infirmary service is provided in each dormitory for students with minor ailments. In case of illness requiring the attention of a physician, surgeon, or other specialist or the care of a hospital, such service is available at the student's expense.

**Aptitude Tests.** Another requirement for the admission of freshmen and transfers from other colleges is the taking of certain tests to measure aptitude for college work. These tests are offered for the student's convenience at several times during the months preceding the opening of the College in September. Any student planning to apply for admission should take the tests as early as practicable.

**Admission of Ex-Service Personnel.** Veterans who did not complete their high school work before entering the armed forces may be admitted upon attaining a satisfactory score on the college aptitude test and upon demonstrating through objective tests a mastery of fundamental subjects. In some cases a veteran may be able to get a high school diploma by passing the General Education Tests administered by a branch of the armed services or by a local board of education. Such a diploma, along with the actual grades made on the General Education Tests (college level), may prove the applicant's fitness for college. Prospective students in the above category are invited to consult the Director of Admissions about the details of procedure.

## ORIENTATION

**Orientation Camp for New Students.** The college administration sponsors a three-day program on the college campus for all new students. Its purpose is to provide opportunity to become acquainted with classmates, upperclass-men, and faculty; to obtain an understanding of college aims, organization, customs,

privileges; and, in general, to prepare new students for life at Lambuth. A program of diagnostic testing is included.

**All freshmen are required to attend.** No charge is made for this program. Each new student attending will register in the Administration Building at the college at 1:30 P. M. on Friday, September 11, 1959. New students may occupy dormitory rooms beginning at 10:00 A. M. on Friday, September 11, 1959.

Day students attending the camp may occupy dormitory rooms from 10:00 A. M. on Friday, September 11, 1959, until 12:00 noon, Sunday, September 13, 1959. They will be expected to furnish linens, towels, blankets, or any other equipment which they use in the room.

**Orientation Program.** The orientation of new students as provided in the camp is continued during the registration period. Immediately following the camp each new student is assigned to a faculty adviser, who aids in registration and counseling during the entire first year.

## REGULATIONS AND STANDARDS

**Registration.** The days set aside for regular registration are indicated in the college calendar near the beginning of the catalogue. Students registering after September 17 for first semester and after January 15 for second semester (except new students for the second semester), will pay an additional fee of \$5.00.

**Minimum Registration.** The College reserves the right to withdraw from its offerings a course when fewer than five persons register for it.

**Course Changes.** Within the period where full registration is permitted, the student may make changes in his schedule. After the last day of full registration, a student continues in a given course without drop or change, for course alteration has been found to lead in many cases to difficulties in planning for graduation. In some cases, depending on the outside activities of the student, his hour load may be lightened after the designated period. Required courses will be continued, and only in exceptional cases will students be allowed to drop these courses to take them up at a later time. Charges involved in course changes are found on pp. 19 - 23. No refund will be made for courses dropped.

**Classification of Students.** The student may be regularly classified after his secondary school or college record has been accepted.

Normal progress in the College requires that a student carry 32 semester hours each year and earn an equal number of quality points. For convenience in administration all regular students are classified early in the first semester according to the following standards:

**FRESHMEN:** Those who have completed fewer than 28 semester hours.

**SOPHOMORES:** Those who have completed 28 semester hours.

**JUNIORS:** Those who have completed 64 semester hours, with a "C" average on all credit hours carrying quality points.

**SENIORS:** Those who have completed 92 semester hours, with a "C" average on all credit hours carrying quality points, and satisfactorily passed the Junior English Qualifying Examination or completed English 301.

**Examinations, Regular.** Regular examinations are held during the closing week of each semester. In determining the standing of a student in any subject the daily class work counts as five-sixth and the examination grade as one-sixth.

**Examinations, Special.** The lowest passing grade in any course is D. A student who makes less than D on any course due to final examination failure is permitted one special examination, if taken within the next semester of the student's enrollment at Lambuth College. Failing to pass the special examination, he is required to repeat the course.

A student willfully absenting himself from a regular examination will be given a special examination only by permission of the faculty. Request for this privilege must be made in writing, the cause of absence specified, and a fee of \$5.00 paid.

No examination will be given on work that has not been taken regularly in class.

**Grading.** The following grades are given:

Grade	Explanation	Quality Points per Hour
A.....	excellent .....	3
B.....	good .....	2
C.....	average .....	1
D.....	poor .....	0
F.....	failure .....	0
I.....	incomplete .....	0
Dpd P.....	dropped passing .....	0
Dpd F.....	dropped failing .....	0
S.....	satisfactory .....	0
U.....	unsatisfactory .....	0
W.....	withdrawn .....	0
F Dpd.....	failure, dropped by College .....	0

The grade of "I" will be given only in exceptional cases when illness or other unavoidable reason prevents the student from taking the final examination or completing a major class project on time.

A student making "I" will be given the following semester of the student's enrollment at Lambuth College to remove the condition. Instructors turning in to the Registrar's office a grade of "I" must file with the report of the grade a written statement of the work required to remove the condition.

In reporting students who drop courses after the last day for full registration, instructors will indicate the character of work done by the student up to that point by the use of the grade "Dpd P" or "Dpd F".

**Reports.** A report of the standing of each student is made to the parents or guardian each semester, and a duplicate of this report is furnished the student.

A four-week report of unsatisfactory progress for all new students, freshmen and transfers, will be made during the first semester of attendance. This report will be sent from the Registrar's office to faculty advisers. Students should ask their advisers for this information.

Mid-semester reports are made to parents or guardians of students whose work in the first half of the semester seems to the instructor to be unsatisfactory. Parents or guardians who do not receive reports to the contrary may assume that their sons or daughters appear to be doing satisfactory work. Failure to receive such a report, however, is not to be interpreted as assurance or guarantee that the son or daughter will make a passing grade in every course.

**Quality Points.** For a course carried throughout a semester with a grade of "A," three (3) quality points per semester hour will be awarded; for a grade of "B," two (2) quality points; for a grade of "C," one (1) quality point.

The ratio of hours of credit and quality points is called point average. A student's point average is determined by dividing the number of quality points earned, by the number of hours carrying quality points attempted. A "C" average is the equivalent of a point average of 1.00.

Students who maintain a point average of 2.125 throughout their college course will receive their degrees **cum laude**; those who maintain a point average of 2.5 will receive their degrees **magna cum laude**; and those who maintain a point average of 2.875 will receive their degrees **summa cum laude**. To be eligible for a degree with honors, the student must have earned all his credits in Lambuth College.

**Maximum and Minimum Number of Hours.** Sixteen hours per semester constitute a normal amount of work for a student. The amount of work a student may carry in excess of sixteen hours depends on the quality of work he does and the number of extra-curricular activities in which he engages. The authority to enroll a student for more than a normal load is vested in the Dean-Registrar.

**Class and Chapel Attendance.** All absences for whatever cause except those officially authorized by the college shall be redeemed in part by hours added to the requirements for graduation, at the rate of one-half semester hour for each sixteen absences in any year including chapel absences. Willful non-attendance at chapel may be a ground for refusing to register the student the following semester or for immediate dismissal.

**Cutting Out.** The equivalent of the three weeks' unofficial absence from any semester course shall exclude the student from the course for that semester with a grade of F-Dropped, instead of the above stated absence penalties. Three tardinesses will be reported as equivalent to one absence. Make-up work and giving effect to absence in grading is at the discretion of the instructor. Nothing in these rules is to be construed as authorizing, encouraging, or condoning deliberate cuts short of the number stated, as any absence at all may be disasterous to a student's work and grades in courses concerned.

**Home Visits.** Students are advised to limit disruptions of the continuity of their studies to the minimum. Parents are urged not to encourage too frequent home visits. The continuity so essential for progress in academic work may be adversely affected. For this reason the cooperation of parents in this matter is asked.

**Dean's List.** Honor students are recognized by having their names appear on the Dean's List. Students taking 12 semester hours or more and earning a point average of 2.125 or above are placed on the Dean's List.

**Academic Probation.** Any student passing fewer than 12 hours of work in any semester, or any student not passing all his work if taking fewer than 12 hours, will be placed on academic probation for the following semester. Should a student fail to pass the required amount of work during the semester he is on probation he may be asked to remain out of college for a semester or longer. The Admissions Committee must consider the re-admission of all students returning to college on academic probation.

**Less than "C" Average.** Since graduation requirements involve credit hours and quality points, it is important for each student to be aware of his cumulative point average. Notices are sent at the end of each semester to students whose point average is less than 1.00.

At the end of each school year the Admissions Committee will review the cases of students with low cumulative point averages. The cases of freshmen with less than .50, sophomores with less than .75, and junior with less than 1.00, will be studied by the Committee for the purpose of determining whether or not they will be permitted to continue in college.

**Withdrawal.** Once registered, a person is considered a student, unless prior to his departure he files with the Dean-Registrar a written request to withdraw. The grade of "F Dropped" will be given to each course for which he is registered unless the withdrawal is official. A withdrawal form may be procured from the Dean of Students.

**Secret Marriages.** Because of its responsibility to parents and to students, and for other reasons, the College does not sanction secret marriages. Any student secretly married while enrolled at Lambuth College will automatically be suspended

for the remainder of the semester in which the marital status becomes known plus the following full semester.

**Smoking.** Smoking is prohibited in all classrooms, playing and bleacher areas of Physical Education Building, Chapel-Fine Arts Building, and all areas of the Administration Building other than the rest rooms on the second and third floors. Extreme care must be exercised in all areas where smoking is permitted to avoid fires or damage to furniture.

**Athletics.** A program of athletics is offered by the Department of Health and Physical Education. Included in the list of intercollegiate sports are men's basketball, baseball, men's and women's tennis, golf, and track. The intra-mural program includes not only these sports, but also women's basketball, softball, and volleyball.

No financial inducements of any kind are used to influence students to participate in any intercollegiate sport. All students are encouraged to take part in some form of athletics because of the physical, mental, and social benefits they may derive from such participation. **All students who participate in either inter-collegiate or intra-mural sports are required to carry health and accident insurance coverage.**

**Participation in Student Activities.** Students will be checked on grades at the end of each semester. No student passing fewer than twelve hours may represent the college in any public activity.

**Transcript of Record.** Each student may receive one copy of his transcript without charge. For each additional copy one dollar is charged. However, no transcript is furnished until the student has paid his account, or made satisfactory arrangements for its settlement.

**Chapel Attendance.** A brief chapel service is held three times a week in the College Chapel. Attendance is compulsory. On Monday and Wednesday the president and members of the faculty have the responsibility for the programs; on Friday the students.

**Church Attendance.** All students are expected to attend Sunday School and at least one preaching service each Sunday. Participation in the work of young people's organizations in the

churches of the city is also urged. Students are encouraged not only to attend religious services but also to take part in Christian work.

**Rooming and Boarding.** The College has four dormitories. Students who are not residents of Jackson and vicinity are required to live in the dormitories and to take their meals in the college cafeteria. By special permission of the administration committee one may live with near relatives in Jackson.

Room assignments are made by the resident heads of the various dormitories.

**Dormitory Regulations.** Each dormitory has its own Council under the direct supervision of the Resident Head.

For any change in room assignments after the first two weeks of a semester \$5.00 will be charged.

All students living in the dormitories will be required to deposit \$1.50 for a dormitory room key. This amount will be refunded at the end of the academic year when the key is returned. The deposit will be made before any student will be permitted to move into a room.

A damage deposit of \$5.00 will be collected from each dormitory student at registration and any part remaining at the end of the year will be refunded. Each student is held responsible for damage to his or her room. The college dormitories are closed during all holiday periods observed by the college. A list of these holidays may be found in the college calendar.

**Guests.** For use of college guest rooms, a charge of \$2.00 per person per night is made. A charge of \$1.00 per night is made for a guest in a student room, except in case of members of a family.

**Day Students.** Lambuth serves annually many students whose homes are in Jackson and vicinity. Facilities are provided for day students in the classrooms, laboratories, library, recreation center, gymnasium, cafeteria, and so forth. In the cafeteria meals are furnished as required and charges are made by the meal accordingly.

**Lost Articles and Possessions.** The College accepts no responsibility for carelessness in the handling and safeguarding of money, valuable articles, or other personal property. Parents

are encouraged not to permit the cashing of large checks by their sons and daughters while they are attending Lambuth. They are also urged to inform themselves of any remunerative activities of their sons or daughters while they are at Lambuth. The lost and found department is located in the office of the Dean of Students.

**Student Counseling Service.** One of the fundamental characteristics of the small college is the opportunity for the individual student to be an individual.

Lambuth College provides counseling service, both formal and informal. Standardized tests are given to freshmen, transfers and juniors; the test results are used in planning courses of study and in counseling service. In addition, a variety of supplementary tests are available.

Every freshman and sophomore is assigned a faculty adviser, who works with him throughout the year, helping plan courses and in general acting as counselor and friend. During the junior and senior years, the student works with department heads.

Through regular chapel services, through student devotionals and prayer meetings, and through faithful attention to its historic aims and objectives Lambuth College seeks to invoke the greatest guidance of all: the blessings of God upon its endeavor to equip young men and young women to lead useful lives.

**Discipline.** Lambuth College is an institution of The Methodist Church. It derives its support from the church. Its students are therefore expected to conduct themselves in a way that will honor the church which makes their education possible. Specifically, they must refrain from drinking alcoholic beverages, gambling, frequenting questionable places of amusement, and engaging in unbecoming or immoral practices of whatever kind. Matriculation in the college is considered an acceptance of all the regulations relating to the conduct of students.

Hazing is strictly forbidden. Certain forms of freshman initiation are permitted. This initiation program is planned by a special committee of the Student-Body Association and is restricted to such activities as are prescribed by this committee and approved by the Student-Body Association and the college administration.

**Exclusion.** The College reserves the right to exclude at any time, students whose attitude, conduct or academic standing it regards as undesirable, and without assigning any further reason therefor. In such cases the financial charges will not be refunded, either wholly or in part, and neither the College, nor any of its offices shall be under any liability for such exclusion.

### EXPENSES

The College authorities encourage the student to practice economy in his personal expenditures and seek the cooperation of parents to this end. Every effort is made to keep the cost of a college education within the reach of every worthy and capable young man and woman.

The College does not maintain a billing system to parents, but expects each student to take care of his or her account. As a part of the educational process, this procedure develops a sense of the responsibility of meeting one's obligations promptly and familiarizes the student with the investment made in his education.

When parents or guardians desire that bills be sent to them, the student may obtain such statements at the business office and forward them. However this in no way releases the student from penalties if bills are not paid as indicated in this catalogue.

**Tuition and Fees.** The tuition charge is \$150.00 per semester for students enrolling for 12-17 semester hours. Students enrolling for more than 17 hours will pay \$10.00 per hour for each additional hour and students registering for less than 12 hours will pay \$12.50 per semester hour. (This tuition charge does not include private lessons and/or special fees as detailed on pages 20 to 23.)

A matriculation fee of \$20.00 and a Student Activities Fee of \$20.00, or a total of \$40.00 for the year is charged all full-time students registered in the College. A registration fee of \$1.00 per hour is charged day students taking fewer than 12 semester hours. These fees are collected at registration and are not refundable. The student activities fee pays for the following: Membership in the Student Body Association, admission to all College Dramatic Productions, admission to Fine Arts programs, admission to College Athletic events, membership in The Student Christian Association, class dues, one individual picture in and a copy of the College Annual, "The

"Lantern," subscription to the college paper, "The Vision," and other recreational and social activities as approved and sponsored by the College.

**Room and Board.** The charges for room and board are listed in the summary of Expenses for Resident Students. The prices are kept as low as possible. It is because of the low charges that the College does not permit refunds on room and board due to absences, except in cases as set forth in the paragraph on refunds.

A room reservation deposit of \$10 is payable upon application for a room reservation. This deposit is deducted from the charges for room and board. The deposit will be returned if the application is withdrawn by July 1 or if entrance credits are insufficient.

Most of the rooms in the New Dormitory on Maple Street have connecting baths for each two rooms, built-in wardrobes, chests, study desks, tables, beds, chairs, mattresses, etc. A few rooms have private baths with all other furnishings listed above and may be obtained at a slight extra charge. Each room in Sprague and Center Dormitories is furnished with two tables, chairs, a dresser or chest of drawers, twin beds, or a single bed and a double decker, mattresses and two closets.

In the men's dormitory each room has all of the above furnishings, similar to Sprague and Center Halls.

Students furnish bed-clothes, sheets, pillows, pillow slips, soap, towels, rugs and draperies as may be desired by the individual student.

The College reserves the right to change the prices of room and board if there should be a considerable increase in the cost during the scholastic year.

**Charges for Special Services.** (Apply only to students receiving special services).

**Incidentals.** The early training and habits of people vary so much that it is impossible to estimate the incidental expenses of a student for a session. Many of our students must pay part of their expenses by working, and necessity requires that they practice strict economy. All others are urged to do so.

**Regulations Regarding Payments.** The following rules governing payments have been established by authority of the Executive Committee of the Board of Trustees:

1. The President and Business Manager of the College have no authority to suspend, or in any way alter, these regulations.
2. **Matriculation and Student Activities fee or special fees are never refunded.** Tuition and Room and Board charges are refunded only as set out in the section on Refunds.
3. Students are not allowed to matriculate until the first payment is made. Any student who has failed to settle his bills on the dates advertised in the catalogue is denied the right to attend classes until his account is settled in full.
4. No student who has not settled his bill with the Business Office of the College will be allowed to take mid-semester and final examinations or obtain transfer of credits.
5. No student can be considered as a candidate for a degree until all accounts are settled in full with the Business Office of the College.

**Veterans.** Unless advance arrangements have been made with the Business Manager, veterans who plan to attend college with government assistance will follow the procedure indicated above for non-veterans.

**Self-Help.** The College offers to a limited number of students the opportunity to pay part of their expenses by performing certain tasks connected with the maintenance of the institution, such as work in the cafeteria, library, offices, and laboratories. It is possible for a few students to find places in the city where they can work to pay part of their college expenses. In assigning students to jobs the College takes into account the need of the student for help, his past record for faithfulness, and his fitness for the task.

Money earned in this way must be applied on the student's obligations to the College.

**Refunds: Course Change.** Within the period when full registration is permitted, the student may make changes in his schedule, but for each change made on his own request after this he is charged a fee of \$2.00.

**Refunds: Withdrawal.** The College necessarily makes financial commitments for an entire scholastic year in advance. It is imperative, therefore, that refunds be held to the minimum. Refunds will not be made except when withdrawal from College is for illness or other reasons beyond control. Requests for refund cannot be considered prior to filing of written request to withdraw as specified on page 15 of this catalogue. A student who is granted permission to withdraw and withdraws on or before September 25 (February 5)\* will be entitled to a refund of 80% of tuition and room and board charges due at the last scheduled payment period; on or before October 2 (February 12), 60%; on or before October 9, (February 19), 40%; on or before October 16 (February 26), 20%. If a student withdraws from college after October 16 (February 26), no refund will be made.

### REQUIREMENTS FOR GRADUATION

Lambuth College offers the degrees of Bachelor of Arts and Bachelor of Science. One hundred twenty-eight semester hours are required for graduation. Candidates for a degree must meet General College, Major and Minor requirements, as well as completing a seminar. A "C" average must be made on all credit hours carrying quality points.

Students who entered and were classified under the academic requirements for graduation of previous catalogs may elect to complete the requirements for the bachelor's degree which were in force at the time of such entrance and classification, provided the degree is conferred within five calendar years of the time of first entrance and classification by Lambuth College. This provision is limited to academic requirements for graduation.

The academic organization of the College is divided into a Lower Division, consisting of the first two years, and an Upper Division, consisting of the last two years. Lower Division courses are numbered 100 to 299 while Upper Division courses are numbered 300 to 499.

\*Dates in parentheses apply to second semester.

**GENERAL EDUCATION PROGRAM**

The major objective of the curriculum at Lambuth College is to give to its students a well-rounded, liberal education. It attempts to do this by introducing its students to most of those major fields of interests which are included in the humanities, social sciences and natural sciences. This program of general education is required of all students who receive the bachelor's degree. Adjustments are made for some transfer students and for students who are in the three-year professional degree program. This program of general education became effective September, 1954.

### Majors and Minors:

In the B. S. program a major consists of a minimum of 30 hours of concentration in the specified area. Majors may be taken in Biology, Business Administration, Chemistry, Economics, History, Home Economics, Mathematics and Physics, Political Science and Social Science.

An 18 semester hour minor may be selected from among those listed under the B. A. degree program. A History minor requires 24 hours.

Forty percent of the work in the major and in the minor for either degree must be on the upper division level.

A student must elect a major and a minor not later than the beginning of the junior year. Elementary Education majors are not required to elect a minor.

**Seminar.** All candidates for graduation are required to take a seminar of ten class hours in their major subject during one of the last two semesters before graduation. In exceptional

cases a comprehensive examination covering the major and minor subject may be taken in lieu of the seminar.

**Correspondence, Extension, and Residence Credit.** A maximum of 12 semester hours of extension credit may be counted as elective credit toward a degree. Correspondence credit may be used only in exceptional cases by permission of the department head and the Dean-Registrar. Such credit is included in the 12 hour maximum. Any senior planning to use correspondence credit for graduation must have the credit sent to the Dean-Registrar by May 1, prior to graduation in June.

All students must spend two of the last three semesters in residence, carrying at least 24 semester hours of upper division work, and complete a seminar.

**Teacher Training Courses.** The courses in General Education, Professional Education, and Subject Matter Areas have been planned to meet the requirements of the State of Tennessee for both the elementary and high school certificates.

**Pre-Professional Courses.** Students wishing to take courses leading to agriculture, business, dentistry, laboratory technology, law, medicine, ministry, nursing, pharmacy, religious education, social service, teaching, and other professions, may lay the foundations at Lambuth College.

Inasmuch as the requirements for professional schools vary considerably as to specified entrance subjects, it is essential that the student decide early what school he wishes to enter.

**Three-Year Residence Plan For A Degree.** Students entering a professional school (medicine, dentistry, law, engineering, etc.) at the end of the junior year may fulfill the requirements for the Bachelor's degree by completing at least the junior year in residence at Lambuth College and one year in an approved professional school.

Any student following this plan must have met all the specific course requirements for his degree prior to entering professional school and have completed a minimum of 96 semester hours. Upon successful completion of the first year of professional training the bachelor's degree will be conferred.

Visitors are always welcome at Lambuth College. Buildings and offices are open except Saturday afternoons, Sundays, and holidays. If prospective students, their parents, or others write in advance of their visit to the campus, they will be provided a guide. Interviews with administrative officers or with professors in the students' particular field of interest will also be arranged if desired.

## HISTORICAL BACKGROUND

Lambuth College, a four-year coeducational college of The Methodist Church, expanded between 1920 and 1924 from the cultural heritage of an institution widely known in the South for more than three-quarters of a century.

It was on December 24, 1843, that the Memphis Conference received a charter from the General Assembly of the State of Tennessee for the Memphis Conference Female Institute, which, with the exception of one year during the War between the States, served students of Tennessee and several adjoining states until 1920.

In November, 1921, the Memphis Conference, in annual session at McKenzie, Tennessee, decided to establish a coeducational institution of standard college grade. Accordingly, the Memphis Conference Female Institute charter was amended on January 3, 1923, providing for coeducation and changing the name to Lambuth College.

The M. C. F. I. property consisting of five acres on East Chester Street (including the site of the present-day Armory) was sold, and the present site on Lambuth Boulevard was purchased. The large building, known now as the Administration building, was erected. Dr. Richard E. Womack was elected president May 12, 1924, and the College began serving both young men and young women on September 10, 1924.

At the annual meeting of the Tennessee College Association in April, 1927, Lambuth was admitted to membership in this organization. Lambuth has been given full certification privileges by the State Board of Education of Tennessee, and several other states recognize the college as an institution for the training of teachers.

As a four-year liberal arts college, Lambuth sends a large number of its graduates on to the leading universities and professional schools for graduate and professional study. The University Senate of the Methodist Church approves Lambuth College as an institution for the preparation of young ministers.

On September 3, 1952, Dr. Womack tendered his resignation to the Board of Trustees and became president emeritus. At the same time Dr. Luther L. Gobbel was elected president of the College. President Gobbel assumed the duties of the office on October 13, 1952.

On February 3, 1953, at a special session of the Memphis Conference, a campaign for funds for the development of Lambuth College which had been previously approved by the Annual Conference was officially launched. This campaign undertook to add at least \$1,000,000 to the capital assets of the College for buildings and endowment. In less than two months this target sum was subscribed, and by the end of April over \$1,335,000 had been pledged. Thus the campaign exceeded its goal by over 33 1/3 per cent. In recognition of its extraordinary service to the College through this campaign, the Memphis Conference was cited by the editors of *Who's Who in America* in their Eighth Biennial Citations for Exceptional Educational Philanthropy. This is the only group in the entire country thus cited for the 1953-54 biennium.

In December, 1954, Lambuth became a member of the Southern Association of Colleges and Secondary Schools and in January, 1955, a member of the Association of American Colleges.

### BUILDINGS AND EQUIPMENT

Reconstruction and renovation of old buildings and equipment, the construction of a new dormitory for women, and the purchases of much new laboratory, classroom, library, cafeteria, kitchen, and other equipment in 1953-54 give Lambuth thoroughly modern facilities. Its buildings are predominantly of Georgian colonial architecture.

**Location.** Geographically Lambuth College has an ideal situation. Jackson, a city of about 38,000 people, is in the heart of the Memphis Conference territory. It is reached by three railroads and by highways Nos. 20, 45, and 70. It is a city of churches, schools, and numerous wide-awake civic organizations. Jackson is accessible to hundreds of prospective college students, many of whom attend Lambuth College from home by train, bus, airplane, or private conveyance.

**Campus.** The campus, consisting of twenty-two acres, lies on the west side of Lambuth Boulevard in the northwest part of the city. It is one of the most beautiful spots in Jackson.

The Administration Building, erected in 1923-24 and completely renovated and remodeled in 1953, is a four-story fireproof structure. It contains, on the ground floor, a modern cafeteria and kitchen; on the first floor, administrative offices and library; on the second floor, classrooms, offices, and auditorium; and,

on the third floor, science and business laboratories, classrooms, and offices.

**Library.** The library wing of the Administration Building consists of a reading room with shelving for reference books and bound periodicals, a well-lighted stack room with adjustable steel shelving for books, a smaller periodical stack room for unbound magazines and newspapers, a vault for the more valuable possessions of the college, and the librarian's office. The growing book collection, carefully selected and thoroughly cataloged, contains titles adequate for the courses offered. It is increased each year as new courses come into the curriculum and new books, pertinent to the courses already offered or valuable for general education and recreation, are published. The library, by subscription and gift, offers some 150 periodicals and newspapers to the students for assigned, instructional, and recreational reading.

**Epworth Hall**, dormitory for men, is also a four-story fire-proof building, with rooms for over 100 students. Built in 1929-30, it, too, was thoroughly renovated and redecorated in 1953.

**Sprague Hall**, dormitory for women, was erected in 1953. It contains rooms for over 100 students. It consists of three complete floors containing bedrooms, parlors, lounges, and other conveniences for comfortable, gracious living and of a ground floor in the western half of the building with facilities for the home economics department, including a foods laboratory, a clothing laboratory, and a dining room, kitchen, and breakfast room for the home management house.

**Center Hall**, a two-story brick veneer structure built in 1947-48 and remodeled in 1958, contains rooms to accommodate about forty-five women residents.

**Student Center**, a temporary structure, was built in 1958. It contains a large recreation room, post-office, and bookstore.

**The Richard E. Womack Physical Education Building**, constructed in 1947-48, is a beautiful brick structure. The central portion is a spacious gymnasium, with folding bleachers. The two wings contain offices, shower rooms, locker rooms, supply rooms, game rooms, dark room for photography, and a reception hall. Adjacent to this building is the athletic field, tennis courts, track, baseball field, and space for other games and recreational sports.

**President's Home.** The President's home is located at 450 Roland Avenue. It was purchased by the College in 1953.

**The Chapel**, completed in 1957 and occupying a commanding position on the campus, emphasizes the centrality of religion in the life of the College. Members of the Woman's Society of Christian Service of the Memphis Conference made the first contribution toward the cost of the structure. The building is entirely air conditioned. The Chapel is adaptable and is used for worship, drama, and chapel services.

**Fine-Arts.** The fine-arts wing of the chapel was also completed in 1957. It contains music and art studios, practice rooms, rehearsal rooms, and storage facilities.

**New Dormitory**, on which construction began in 1958, is scheduled for occupancy in the fall of 1959, will accommodate 100 students. It consists of three complete floors containing bedrooms with connecting baths, parlors, lounges, and other modern conveniences.

**Dining Hall**, on which construction began in 1958, is scheduled for completion in the fall of 1959, will seat 400 in a large air-conditioned room. It also has a private dining room and other facilities for food service.

## STUDENT ORGANIZATIONS AND PUBLICATIONS

Certain forms of extra-curricular student organizations are maintained and promoted in the College. The College recognizes that there is an important phase of a liberal education which can come only through activities outside the classroom. The following associations and clubs are officially recognized by the College.

Students desiring to organize a new club must present their petition to the Student Advisory Committee of the faculty with the signature of all charter members. If approval is secured, the new club may operate a year on probation. If at the end of this time it is found in good standing, it shall be entitled to the full privileges of Lambuth College clubs.

Organizations and clubs not complying with the regulations for extra-curricular activities are not permitted to operate in the College.

**DEPARTMENTAL CLUBS**

Departmental Clubs are organized for the purpose of promoting, conserving, and strengthening the interests represented by each field.

**The Home Economics Club** is composed of home economics students. It aims to stimulate interest in home making and to establish home-making ideals. It aims also to foster appreciation of home making and to encourage leadership in home and community life.
